

HORIZONTAL STRIPPY

Whilst this is a simple, strippy quilt, sometimes the simplest of quilts show up our lack of skills.

This pattern will teach you how to deal with a variety of fabric and help you to cut *lengths* of fabric without dog legs! The by-product of this learning is a simple, gorgeous quilt that will suit everyone in your life.

Size this quilt to suit your bed needs and/or your fabric lengths.

In class, the plan is to look at your fabric pile and plan your design from there - either functional or decorative.

This class can be done with a mix of fabrics... long (kimono lengths), short and your precious pieces will all work well.

week 1 look at fabrics, cutting long strips

week 2 use the design wall to arrange the strips to create balance and interest
