

QUILTING MATTERS

developing creativity through quiltmaking

UFO SUNDAYS

These sessions provide dedicated learning and stitching time while you work on unfinished projects... AND incidental learning via others' projects too!

Spring clean your cupboards and spend time quietly or maniacally stitching, seeking project help and getting current projects back on track. They all need finishing to free you up for the next project.

If you are new to the studio... you may like to discuss your project before class, enabling you to have the correct resources with you on the day. It may also give me the opportunity to study up on your project if you are at a sticky point. Please contact me to discuss.

- I'll be on hand to assist.
- The design wall is waiting.
- If you've momentarily forgotten a technique or skill we can revisit until you feel comfortable enough to move on.

BYO fabric, sewing machine, rotary cutter, hand stitching equipment
Rotary mats/rulers are supplied for use in class
Haberdashery, wadding and rotary tools are for sale
Snacks and drinks available
Bring something to share for lunch or byo if preferred:)
